

Right Search: Using And, Or, Not, *

schools **AND** security

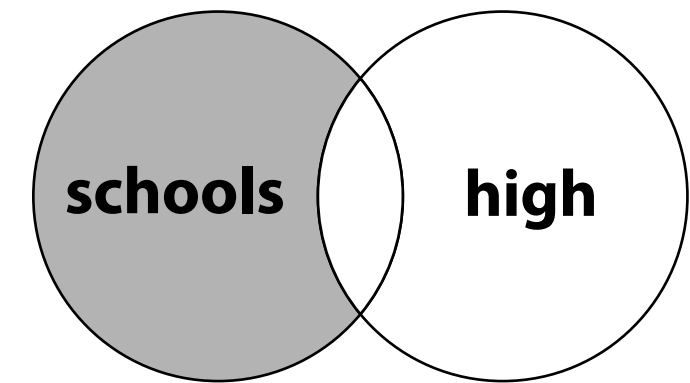

AND will find occurrences of two (or more) concepts and **NARROW** your search

schools **OR** colleges

OR will find occurrences of each concept or both of them

schools **NOT** high

NOT will help you exclude a concept

- Using the *, also known as the wildcard symbol, will replace letters in a word.
Example: typing *school** will find you resources including *school, schools, schooling, etc.*
Some databases may use a different symbol or more than one symbol.
